

**ALTEA GREEN POWER SELLS PHOTOVOLTAIC PROJECT IN SOUTH OF ITALY
TO A LEADING INTERNATIONAL PLAYER IN THE ENERGY SECTOR
AFTER COMPLETING AUTHORIZATION PROCESS**

SALE VALUED APPROXIMATELY € 1.3 MILLION

**TOTAL POWER OF PROJECT, DEVELOPED OVER APPROXIMATELY 2 YEARS,
IS 9.6 MW**

Rivoli (Turin), 26 June 2025 - **Altea Green Power (AGP.MI, hereinafter "AGP" or "the Company")**, a company engaged in the development of projects and the construction of "green energy" plants, announces the signing of an agreement for the **sale of a photovoltaic project**, through its wholly owned special purpose company, to an important leading Group in the renewable energy sector.

The **photovoltaic project, located in Molise** (South of Italy), was fully developed by Altea Green Power and has a total capacity of **9,624 kW**. The **sale** is valued **approximately € 1.3 million**.

The sale of this plant marks another key step in Altea Green Power's strategy and consolidates its position in the Italian market by enabling the development of high-quality plants managed by experienced players in the renewable energy sector.

In the words of Giovanni Di Pascale, CEO of Altea Green Power: *"This deal confirms Altea Green Power's ability to generate valuable projects in the renewables sector and to attract industrial partners of international standing. The sale of the project to a major international player reinforces our role as a trusted developer in the market and proves the effectiveness of our integrated approach, which combines technical expertise, execution speed, and industrial vision. We will continue to develop sustainable solutions to make a real contribution to the energy transition".*

About Altea Green Power

Altea Green Power is a company listed on the Italian Stock Exchange - STAR segment -, founded in 2008 in Rivoli with the aim of supplying and managing renewable energy plants - photovoltaic, wind, and storage - that ensure maximum efficiency and operational reliability, all while fully respecting the environment. Altea Green Power is also an Independent Power Producer (IPP) focused exclusively on renewable sources and a supplier of EPC (Engineering, Procurement, and Construction) services, positioning itself as the primary point of reference for the construction and start-up of renewable plants. In a market where energy transition is central and medium to large-sized companies are increasingly taking the lead, Altea Green Power aims to be a key partner in the field of energy efficiency, helping its clients identify the best solutions to reduce energy consumption and mitigate the resulting impacts on global climate change.
