

## ALTEA GREEN POWER ATTENDS THE “MID & SMALL IN MILAN 2025” EVENT

Rivoli (Turin), December 1, 2025 - **Altea Green Power (AGP.MI, hereinafter "AGP" or "the Company")**, a company engaged in the development and construction of “green energy” plants, will attend the eighth edition of the Mid & Small Conference 2025 on Tuesday, 2 December 2025, held in the prestigious setting of Palazzo Mezzanotte, headquarters of Borsa Italiana.

The event, organised by Virgilio IR together with leading financial market operators, including CDR Communication, which will be present as Communication Partner, involves small and medium-sized companies, leaders in their respective markets, which will have the opportunity to illustrate their results to the financial community, through one-to-one and small group meetings.

Representing the Company will be CEO Giovanni Di Pascale, General Manager Salvatore Guarino and CFO Giancarlo Signorini, who, during the meetings, will outline to Italian and international institutional investors the latest economic and financial results and provide insight into the Company’s future growth prospects.

**Giovanni Di Pascale, CEO of Altea Green Power commented:** *“Taking part in the Mid & Small Conference in Milan offers us a valuable occasion to engage a constructive dialogue with the financial community. We look to the future with confidence, committed to advancing our growth trajectory and further consolidating our position as a leading player in the green energy sector”.*

### About Altea Green Power

Altea Green Power is a company listed on the Italian Stock Exchange - STAR segment -, founded in 2008 in Rivoli with the aim of supplying and managing renewable energy plants - photovoltaic, wind, and storage - that ensure maximum efficiency and operational reliability, all while fully respecting the environment. Altea Green Power is also an Independent Power Producer (IPP) focused exclusively on renewable sources and a supplier of EPC (Engineering, Procurement, and Construction) services, positioning itself as the primary point of reference for the construction and start-up of renewable plants. In a market where energy transition is central and medium to large-sized companies are increasingly taking the lead, Altea Green Power aims to be a key partner in the field of energy efficiency, helping its clients identify the best solutions to reduce energy consumption and mitigate the resulting impacts on global climate change.
