### **About Altea Green Power**

Altea Green Power is a company listed on the Italian Stock Exchange - STAR segment -, founded in 2008 in Rivoli with the aim of supplying and managing renewable energy plants - photovoltaic, wind, and storage - that ensure maximum efficiency and operational reliability, all while fully respecting the environment. Altea Green Power is also an Independent Power Producer (IPP) focused exclusively on renewable sources and a supplier of EPC (Engineering, Procurement, and Construction) services, positioning itself as the primary point of reference for the construction and start-up of renewable plants. In a market where energy transition is central and medium to large-sized companies are increasingly taking the lead, Altea Green Power aims to be a key partner in the field of energy efficiency, helping its clients identify the best solutions to reduce energy consumption and mitigate the resulting impacts on global climate change.
